1,200 MILE FLIGHT ENDS NEAR PHILA.

All Metal Monoplane Comes From Omaha Without a Stop.

Big Ship Flew 90 Miles an Hour-Hoped to Reach Here.

After flying 1,200 miles and establishing an American cross-country non-stop record an all metal monoplane, owned Burn by John M. Larsen and piloted by Bert Acosta, was compelled to land last night at Pine Valley, fifteen miles from Phila-delphia. The plane left Omaha, Neb., yesterday morning at 5:06, bound for Central Park, L. L.

Despite the fact that the plane fell short of its destination by about 160 miles, it set up a record which is likely to stand for some time. The distance covered without a stop has been ex-ceeded by Capt. John Alcock, who flew ceeded by Capt. John Alcock, who fiew Ismid and Constantinople. They report that the Turks, incensed by the Ismid mander Read of the NC-4 and by one or and Smyrna fighting, are burning Greek mander Read of the NC-4 and by one or two others in Europe, but all these rec-two others in Europe, but all these rec-ords were made by planes with more a forerunner of a general Moslem atords were made by planes with more

The big ship, which is equipped with a 185 horse-power Bavarian motor, was imported from Germany by Mr. Larsen, who acquired the American rights of manufacture. On June 18 it left Central Park for Omaha, and made the Central Park for Omaha, and made the than one motor. flight westward in four hops, bearing in its cabin a big wedding cake for friends of Mr. Larsen who were mar-

ried June 23 in Omaha.

Early yesterday morning, with Mr.

Larsen and Wallie Bugh, a mechanic, on board with the pilot, the plane left Omaha, and at 9:30 a message signed by Mr. Larsen dropped out of the air onto a Chicago street.

"Splendid so far," it read. "Hope bo-fore night to break all American records for a long distance non-stop flight."

Nothing more was heard of the plane by Charles E. Kirkham, chief engineer, or other officials of the company, who waited at the 200 acre flying field at Central Park, until shortly before m'd-night, when word reached them that the plane had landed at Pine Valley, Pa. The reason why it landed was not

speed of the machine. might have come to grief, for its landing and are poorly equipped with artillery is to be from 6 to 7 per cent. The date speed is fifty miles an hour, and it re- to offer effective resistance against the of the emission of the loan has not yet utres quite a space to come down. The Greeks.

brightly as if it were day by big flares and searchlights to guide the pilot in, and shortly before 10 o'clock a report reached the field that the big plane was over New York. This proved incorrect.

The JL-6, as the plane is called, is an innovation in airclanes, and America.

movation in airplanes, and American manufacturers will have to exert tham-selves to best it so far as past performances have shown. In its single talck wips, made of duraiuminum, a strong alloy of aluminum, it has room for eighty gallons of gasolene. The single metal wing does away with the struts and strengthening wires so necessary in RECORD IS MADE other kinds of planes, and in conseto the flight of the plane is very much quently are considerably greater. It has a speed of 115 miles an hour. The speed at which it travelled yesterday on the long journey was almost ninety miles an hour. It can carry six persons.

TURKS RETALIATE BY MASSACRE OF GREEKS

Villages and Shoot Hellenes in Revenge.

By the Associated Press.

Constantinopile, June 27.—Constantinople is beginning to feel the effects of the Greek advance. The Greek steams: Yacinthus has arrived here, having on board sixty Nationalist officers captured on June 23, and Greek refugees are aton June 23, and Greek refugees are arriving from Kilia and other Black Sea forts and from the peninsula between

tack upon the Greeks which is expected when the news is circulated throughout Anatolia of the Greek advance and the

Turkish casualties.
The Nationalists of Trebizond province have begun the deportation of Greeks into the interior, and this probably will be general all along the Back Sea coast of Anatolia.

The Greeks have landed forces at points along the Gulf of Saros, and will land additional troops at Rodosto, and will soon begin their movement from Occidental into Oriental Thrace.

The Turks are being evacuated from the shores of the Besporus, to make shipping safe from salpers, and it is expected that a state of siege will be declared at Constantinople in order to give the Entente closer control of the civil population in this city.

protest to the Entente against the premature occupation of Anatolia while the treaty was pending. Apparently, however, the Entente holds that a state of war exists as representatives of the British and French high commissioners Pa. The reason why it landed was not stated, but it is possible that the 1_c stated, but it is possible that the 1_c stated, but it is possible that the 1_c visited the Sublime Forte and anmain in the capital for about two weeks, nounced that they would begin putting the treaty terms into effect promptly. Later the President will go for another the treaty terms into effect promptly. air. Head winds may have cut flown The Italians did not participate, and it is reported in Constantinople that they The wait at the field was an anxious will for the present, at least, take no one for the officials, for if the plane part in the enforcement of the treaty. had been compelled to land after dark Greek officials here say that the Greek officials here say that the anywhere but at a well lighted field it troops of Kemal Pasha are undisciplined

WOULD OPEN WORLD OIL FIELDS TO U.S.

International Congress Acts on Shortage Here.

Special Cable Despatch to THE SUN AND NEW YORK HELLID. Copyright, 1920, by THE BUN AND NEW YORK HERALD.

Paris, June 27 .- Cognizance of the American gasolene shortage is being taken by the International Chamber of Commerce Congress and resolutions are being prepared urging the Governments not to grant special oil concessions for

exploitation, but to leave an open field for all prospectors. T. A. O'Donnell of Indiana, representing the American petroleum industry, who was chief of the United States Bureau of Petroleum Production during the war, is behind the movement and is understood to have the support of an important section of the British, French and Belgian delegations. Mr. O'Donnell has cited the Mexican situation, where unlimited quantities of

petroleum are untouched, since former President Carranza refused exploitation rights and believes that if the united pressure of the International Chamber of Commerce Congress could be brought of Commerce Congress could be brought to bear on the Mexican Government the American supply for the future would be assured, while the British and French oil interests in Mespotamia, Rumania The Turkish Cabinet to-day framed a and the Caucasus would likewise benefit through freedom of exploitation.

and he gave it dead away"

IT'S REALLY surprising. THE MONEY you save. BY ASKING questions. I FOUND that the maker. OF A hair restorer WAS BALD as a coot. SO I passed that up. AND A bird who came, TO SELL oil stock. HAD HIS own cash. IN LIBERTY Bonds, 80 I ducked again. AND I asked a clerk, FOR THE best cigarettes. AND HE reached around. FOR A fancy box. AND I knew I was in FOR THE same old line. so I asked him this. "WOULD YOU smoke one of 'em. IF I bought a box?" AND THEN he smiled.

LIKE A regular guy. AND SAID "No thanks. I'LL SMOKE my own." AND I got wise. AND ASKED him then. WHAT BRAND he smoked. AND HE showed me-AND THEN he said.

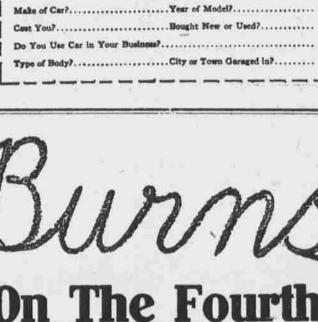

SURE they satisfy. Chesterfields have "body"—that's the reason. Body enough to satisfy a cigar smoker. And yet Chesterfields are mild. Impossible? That's it exactly - Chesterfields have accomplished the impossible. They satisfy and yet they're mild.

"THEY SATISFY."

On The Fourth Have

a Bottle of MILTON Affords speedy comfort and relief to burns-soothes, helps heal

and does not injure the tissue.

Takes the sting and soreness out

of sunburn; allays the blisters.

Kills germs in cuts and abrasions.

The finest of "first-aids."

MILTON is just "MILTON." No other word describes it. MILTON is a combined germicide, anti-septic, steriliser, deodoriser, stainremover, bleach—and more; yet does not burn, stain, poison or leave an odor. MILTON is just "MILTON." Get the Booklet with Each Bottle.

Does 101 Things and really does them MILTON is an all-the-year 'round per-

sonal safeguard and household help.
A gargle or nasal spray of MILTON is comforting and effective in coughs, colds, HAY FEVER. MILTON helps sterilize and keep baby's feeding bottles clean, sweet and safe. When your feet are tired a soak in a solution of MILTON will freshen them up wonderfully.

PERFECTLY SAFE in all of its many uses

MILTON is not poisonous, not corrosive, not flammable—perfectly safe for any one to use, and almost magically efficient. It is a real wonder-worker. Order a bottle from
